Summary

Web Developer with experience in creating responsive web applications using HTML, CSS, JavaScript, and React.js. Skilled in implementing new features, troubleshooting front-end issues, and collaborating in a team environment to deliver high-quality projects. Adept at using version control systems like Git. Passionate about continuous learning and staying updated with the latest web development trends and technologies.

Work Experiences

Web Developer Intern at PT. Javan Cipta Solusi

June 2023 - September 2023

- Developed responsive web applications using HTML, CSS, JavaScript, Typescript, and React JS. I assisted in implementing new features and functionalities, collaborated with the team to troubleshoot and resolve front-end issues.

Projects

Web Online Course

PT. Javan Cipta Solusi

August 2023 - September 2023

- Implementing user interfaces for CRUD operations related to online courses using HTML, CSS, JavaScript, React.js, PHP, and Laravel. This included displaying course lists, showing exam questions, and handling the submission of exam answers then integrate it with the back-end using API.

Web Aggregator

PT. Javan Cipta Solusi

June 2023 - September 2023

- Implementing user interface using HTML, CSS, JavaScript, and React.js to create a seamless and responsive experience. The primary task was to develop a CRUD interface for aggregated data fetched from the back-end via API, displaying this data in a tabular format. Additionally, functionality was implemented to allow users to download the data in Excel or CSV formats.
